

New Hampshire State Council Knights of Columbus

Milage Committee Report

Mark Messier

Per Article V Section IV of the New Hampshire State Council By-Laws (or the By- Laws), the Committee on Mileage is directed to determine and certify to the State Secretary the number of miles traveled by Members of the State Council in attending the annual meeting. The committee will make use of Google Maps, MapQuest or any freely accessible computer-based mapping software.

This report adopts the mileage survey report attached for the purposes of determining mileage reimbursements rates. Distances in this report were determined utilizing 2020 Google Maps.

It is noted that should additional routes of travel be added to the New Hampshire Highway System it is recommended by the committee that the previously determined mileages be reviewed in any subsequent annual committee meetings.

Fraternally submitted,

Mark Messier
State Treasurer
Mileage Committee Chairman
