

2025-2026 New Grand Knight Training Event

Below are the compilation of the Student Evaluation forms the participant of this year's New GK Training.

Overall, the session was well received and the class, as a whole, contributed to most of the discussions and ideas presented. One interesting response from one GK was "Where do I learn about how to fill out forms and reports (ex. 185, 365, etc.) as well as other administrative duties of the Council. I explained that the New GK Training event was designed to teach Leadership Skills and that there were other sources to get training on forms and reports (DDs, Supreme Website Training Courses, Organizational Meetings, etc.). My thought is, maybe we should collect all those topics as well as the links to training available on the Supreme Website and make these available to GKs on our website. Any feedback or suggestions on how we should do this would be most appreciated. Drop me an email or pick up the phone and let me know your ideas. Thanks

There were a number of things I would not have thought of. That was valuable
Very Helpful
Was helpful to share this experience with my husband. Personally helpful to me in my leadership in Parish. Grateful to be included in the class. Thank You.
We should not limit K of C to only "acting" Catholics, but promote Christianity as a positive means to have men join & understand this is what Jesus would do & grow his fold.
This training is very valuable and all Grand Knights should be encouraged to attend. Excellent! Thanks You!
I fully expected to become aware of all required tasks of a new Grand Knight to include reports, audits, safe environment (perhaps even completion) and navigating the website.
