

Dear

New Hampshire Right to Life (NHRTL) is excited to announce our annual benefit banquet on Tuesday, October 8th.

This year's keynote speaker is the renowned **Abby Johnson**, former Planned Parenthood clinic director turned avid pro-life advocate.

Since the banquet theme is EMPOWERING WOMEN FOR LIFE, our emphasis is on equipping women with strength to realize their dreams and goals without sacrificing their babies.

We are thankful for your faithful generosity which enabled us to expand our advocacy.

To achieve our mission, NHRTL [among other activities] has:

1. Testified at bill hearings on the Safe Haven law, abortion, & assisted suicide.
2. Expanded our educational billboards across our state.
3. Hosted legislative lunches to collaborate with senators and representatives.
4. Recently launched a video campaign to promote the truth about pregnancy care centers, now under governments' deceptive attacks, especially in Massachusetts and Vermont.

We're making new waves for Mothers! We hope you'll join us to celebrate our progress!

Due to Abby's popularity, an increase in market prices, and a new venue, reservations are \$150 per person & \$1,450 per table before September 28th.

Discount prices: \$135 per person & \$1,300 per table before August 22nd.

We hope we can continue to count on you for support! NHRTL's mission to protect vulnerable human lives depends on your generosity.

For Life,

Althea Ansah

Vice President & Banquet Committee Chairwoman
