Council 807, in early October2026, delivered 2 boxes of Coats for Kids to the Woodman Park School in Dover NH, an elementary school that is considered the school with the most at-risk children as students, due to certain socioeconomic conditions in the neighborhood where it is located. We have done this every year for many years and the folks at Woodman Park are very grateful for our annual support. The

school counselor we talked to there at delivery told us she already had a list of over 20 children who were in need of a warm coat for this winter, and that many do not come to school as they feel ashamed in their peer group that they don't own something so basic as a warm coat. We are very proud to participate in this program and expect to continue to do so in the years to come
